## General Remarks

1. Placing an order implies acceptance by the purchaser of these general conditions of sale, except for precisestipulations to the contrary being included in the text of our order acceptance documents.
2. It is expressly stressed that all clauses printed in the margins or body of letters or order forms from the purchaser which contradict these conditions of sale may not form the basis for litigation, unless they have been the subject of a prior written agreement concerning the contract in question.
3. We are bound only by firm quotations, printed on a form displaying the letterhead of our company. We are only bound by offers or propositions made by our representatives if these are followed by confirmation from ourselves. Our quotations are only valid for the option period stated on them, or otherwise for an acceptance period of six days.
4. The purchaser commits himself to purchasing the goods from us from the moment we receive his signed order. However, when the order is subject to a down payment being made, the order will only be considered as being definitive after this payment has been received.
5. The weights indicated on quotations or in negotiations and agreements are only approximate and may not form the basis for a reduction in price.
6. For additional items supplied, or modifications carried out during the processing of the order, additional cost and lead-time must be negotiated independently of the order originally placed with us by the purchaser.
7. No order may be cancelled without a compensatory indemnity being paid.
8. We decline all responsibility vis-à-vis third parties regarding legal ownership of designs, copyrights, etc. when producing goods according to drawings supplied by the purchaser, who agrees to stand guarantor for all legal actions, which may be initiated against us as a result.
9. All prototypes sent by the purchaser must arrive carriage paid at our address. The costs of returning them will also be borne by the purchaser.
10. Haldex reserve the right to apply a handling charge on orders under a nett value of €50.00 and carriage charges on overnight and orders under €300.00 nett value.

## Deliveries

11. The goods are always considered as taken and accepted by the purchaser while in our factories, and are payable as such. Consequently, regardless of the origin and destination of the goods and the conditions of sale, the delivery is considered as taking place in our factories, and the risks relating to the item sold pass to the cost of the purchaser:
  - From the time of shipping, if the goods are to be shipped without notice;
  - From the moment that the purchaser is notified that the goods are ready for dispatch if there is no delivery possible or scheduled, and if there is in-house inspection;
  - Eight days after the notification that the goods are ready for in-house inspection if this was originally specified at the order stage, and if no reply to this notification has been forthcoming;
  - Following the approval of the inspector if in-house inspection takes place.
12. The principle of the transfer of property in our factories is in no way reduced by stipulations such as delivery to railway station, special siding, ready for dispatch, and delivered. These are operations for which we act purely on behalf of, and in the name of the purchaser, with no additional acceptance of liability on our part.
13. It is mutually and expressly understood that the transfer of ownership also takes place in our warehouses and factories even when the price includes the costs for assembly or re-assembly on the purchasers' site, or when a partial delivery is involved.
14. If the delivery is delayed at the instigation of the purchaser, the goods may be stocked and handled with our consent and at the cost and risk of the purchaser, without this being considered as grounds for any modification of the payment and guarantee terms.
15. No complaint concerning the composition, quantities and weights, or non-conformity with the delivery notes of the goods delivered will be considered if this reaches us later than eight days following the reception of the goods by the purchaser.

## Lead Times

16. Delivery lead times are given on a purely indicative basis, and will not be considered as being binding on us. We will endeavour to meet them wherever possible, taking into account among other things any difficulties regarding the supply of raw materials.
17. Our delivery lead times are understood to refer to delivery in our factories and unless stipulated otherwise run from the date of our order acknowledgement or the date of the first payment when such a payment is involved.
18. A delay in delivering for whatever reason cannot be considered as grounds for a claim for compensation unless this is expressly stipulated in the text of our quotation or our final agreement, and provided that a bonus for early delivery equal to this sum is also included in the contract.
19. The indemnities or damages for late delivery and the bonus for early delivery must be the subject of special, mutually accepted agreements, and may never exceed 35 % of the total invoice value (excluding taxes and transport) of the goods concerned.
20. As is our right legally, we decline all liability for any delays in delivery, and consequently any penalties for late delivery:
  - a) When the delay is due to force majeure or events such as lockouts, strikes, epidemics, war requisitioning, lack of raw materials, fuels, energy or labour, fire, floods, frost, bans or delays with transport, all other causes leading to a partial or total shutdown for us or our suppliers, legal modifications to working hours, accidents on machine, or finally all other causes resulting from conditions which are unforeseen or out of our control.
  - b) In the event that the payment terms agreed between the purchaser and ourselves have not been observed by the purchaser.
  - c) In the event that the information, documents, prototypes, or related items to be supplied by the purchaser did not arrive in our factories by the agreed date.
  - d) In the event that the inspection body appointed by the purchaser causes delays in the manufacturing programme.
21. No compensation may be demanded for delays caused by a sub-contractor, when the client appointed the sub-contractor in question.
22. Penalties may not be given as grounds for deferring payment for the goods.

## Payment Terms

23. Except in case of stipulations to the contrary foreseen by us, all our supplies are payable within a period of thirty days net from the date of invoice issuing, without a discount.
24. No modification of these general payment conditions can be imposed on us, unless it has been accepted by us in writing.
25. In case of late payment by the set due dates, interest will be added ipso jure to the outstanding sums at a rate of three times the legal rate of interest in force.
26. In case of non-payment of one of the invoices by the purchaser, we can postpone any manufacture and any delivery without any compensation being claimed from us as a result and any advance payment paid by the purchaser will remain our property until the amount of damages and interest has been set, which will, in particular, include all the costs incurred by the manufacture.
27. No claim concerning the quality of a supply can result in suspension of payment, if the proof of this defect has not been submitted to us and accepted by us before the due date. Any suspension of payment will only be implemented in relation to the invoicing value of the parts that have been recognised by us as being faulty.

## Transport

28. Regardless of the method of invoicing, the items are transported entirely at the receivers risk. The receiver has the responsibility of checking the condition of the goods upon arrival, and, if necessary, to take up any complaints with the haulier.

## Guarantee

29. Our equipment is guaranteed for a period of one year. This period starts on the day the material is made available. In all cases, if the equipment is used at two or three workstations, the period is obligatorily reduced proportionally.
 

In the event of material or construction faults, (of which the obligation for proof lies with the purchaser), our liability ends at repairing or replacing the faulty parts at our cost, and in our factories, or modifying the device without any obligation on our part to contribute towards the labour costs arising from the resulting dismantling and re-assembly, the transport costs of new or damaged parts, or other associated costs.

We decline all responsibility for any faults or defects or defects existing in our equipment, particularly with regard to accidents to people, or any consequences arising from these.

The guarantee is immediately null and void if the client has carried out modifications or repairs without our agreement, or if he has used replacement parts other than those supplied by ourselves.

To take advantage of the guarantee, the purchaser should return parts to be replaced to us carriage paid, for examination.

Repairs, modifications, or replacement of the parts during the guarantee period cannot have the effect of prolonging the guarantee period of the new equipment.

## Applicable law and competent jurisdiction

30. The present general sales conditions are subject to French law.
31. Any dispute arising when interpreting or carrying out the present general sales conditions will be regulated by the jurisdiction that is valid at the location of the head office of the Seller, this still applies in case of more than one defendant.

## Special Conditions

32. In the event of absolute non-agreement between the above general conditions and special conditions included in our quotation, it is expressly stipulated that the clauses of the special conditions should take precedence over those of the general conditions.

## Reservation of ownership

33. **THE MATERIALS AND SUPPLIES SOLD REMAIN OUR PROPERTY UNTIL FULL PAYMENT OF THE PRICE HAS BEEN MADE BY THE PURCHASER. BY PRICE WE MEAN THE MAIN INVOICE PRICE AND THE COSTS AND INTEREST.**

**IN CASE OF TRANSFORMATION OR INCORPORATION OF THE GOODS SOLD BEFORE PAYMENT OF THE PRICE AND WHEN THIS IS CONFORMED TO THE TYPE OF GOODS AND THE ACTIVITY OF THE PURCHASER, THE TRANSFORMED OR INCORPORATED PRODUCTS WILL REMAIN THE PROPERTY OF THE SELLER EVEN IF THEY CHANGE TYPE, THIS APPLIES UNTIL COMPLETE PAYMENT.**

**THE TRANSFER OF RISKS LINKED TO THE GOODS SOLD IS MADE ON DELIVERY OF THE GOODS TO THE PURCHASER. THE PURCHASER WILL BE ABLE TO PROVE TO HALDEX AT ANY TIME THAT HE HAS INSURANCE FOR THE REPLACEMENT VALUE FOR THE GOODS SOLD. IF SUFFICIENT PROOF IS NOT PROVIDED, HALDEX CAN IMMEDIATELY CLAIM BACK THE GOODS SOLD.**

**IN CASE OF PARTIAL OR TOTAL PAYMENT DEFAULT BY THE DUE DATE, AND WITHOUT NEGATIVELY AFFECTING ANY DAMAGE AND INTEREST THAT HALDEX MAY CLAIM, IT MAY DEMAND BY REGISTERED LETTER WITH ACKNOWLEDGMENT OF RECEIPT, THE RETURN WITHIN FORTY EIGHT HOURS OF THE MERCHANDISE AT THE COSTS AND RISKS OF THE PURCHASER.**

**IN CASE OF RESALE OF THE MERCHANDISE SOLD, THE PURCHASER HEREBY DECLARES THAT HE CEDES TO HALDEX THE OUTSTANDING PAYMENTS RESULTING FROM THE SALE TO A SUB-PURCHASER AND AUTHORISES HALDEX TO OBTAIN THE PRICE FROM THE SUB-PURCHASER UP TO THE AMOUNT OF THE OUTSTANDING DEBT WITH THE PURCHASER. THE PURCHASER IS FORBIDDEN TO RESELL THE MERCHANDISE IN CASE OF CEASING PAYMENT. THE PURCHASER UNDERTAKES TO INFORM HALDEX IMMEDIATELY OF THE EXACT AND COMPLETE IDENTITY OF THE SUB-PURCHASER, WHO HE WILL INFORM OF THE RESERVATION OF OWNERSHIP FOR HALDEX AT THE LATEST AT THE TIME OF CONTRACT CONCLUSION. THE PURCHASER IS FORBIDDEN TO TAKE OUT ANY SECURITY ON THE MERCHANDISE THAT HAS BEEN DELIVERED BUT NOT PAID AND, IN GENERAL, TO CARRY OUT ANY OPERATION THAT IS LIKELY TO NEGATIVELY AFFECT THE OWNERSHIP RIGHTS OF HALDEX. IN GENERAL, ALL THE COSTS INCURRED BY CLAIMS FOR THE MERCHANDISE OR THE PRICE OF IT ARE AT THE EXCLUSIVE COSTS OF THE PURCHASER.**

**IN CASE OF NON-PAYMENT BY THE DUE DATE, HALDEX RESERVES THE RIGHT, APART FROM THE RIGHT TO CLAIM THE MERCHANDISE, TO PUT AN END TO THE SALE. IF IT SO DESIRES, WITHOUT ANY OTHER FORMALITY THAN THE PLANNED NOTIFICATION FOR THE ORDER IN QUESTION, AND ALSO PUT AN END TO ALL THE PRIOR ORDERS WHETHER THEY HAVE BEEN DELIVERED OR ARE BEING DELIVERED AND WHETHER PAYMENT FOR THEM IS OVERDUE OR NOT.**

**ANY ADVANCE PAYMENT PAID BY THE PURCHASER WILL REMAIN THE PROPERTY OF HALDEX AS COMPENSATION WITHOUT NEGATIVELY AFFECTING ANY OTHER ACTION THAT HALDEX WOULD BE ENTITLED TO TAKE AGAINST THE PURCHASER DUE TO THE NON-PAYMENT OF THE PRICE.**

## Généralités

- La remise de toute commande implique, de la part de l'acheteur, l'acceptation des présentes conditions générales de vente, sauf stipulations contraires précises incluses dans le texte de nos acceptations de commande.
- Il est expressément stipulé que toutes les clauses imprimées en marge ou dans le corps des lettres ou des feuilles de commandes de l'acheteur et contraires aux présentes conditions générales de ventes ne peuvent nous être opposées, à moins qu'elles n'aient fait l'objet d'un accord écrit préalable particulier au contrat considéré.
- Nous ne sommes engagés que par la remise d'offres fermes établies sur formule à entête de notre firme. Nous ne sommes liés par les propositions qui pourraient être faites par nos représentants que sous réserve de confirmation émanant de nous-mêmes. Nos offres ne sont valables que pendant la durée d'option indiquée, ou, à défaut de celle-ci, pour acceptation sous six jours.
- L'acheteur est engagé vis-à-vis de nous dès la remise d'une commande signée par lui. Toutefois, lorsqu'il aura été prévu le paiement d'un premier terme à la commande, celle-ci ne deviendra définitive qu'après réception de ce versement.
- Les poids indiqués aux devis ou marchés ne sont qu'approximatifs et ne sont pas opposables au prix.
- Pour les fournitures additionnelles ou modifications apportées en cours d'exécution, les prix et les délais complémentaires sont discutés spécialement et indépendamment de la commande initiale entre nous et l'acheteur.
- Aucune annulation de commande par l'acheteur ne pourra intervenir sans fixation préalable d'une indemnité compensatrice.
- Nous déclinons toute responsabilité vis-à-vis des tiers au point de vue propriété industrielle dans l'exécution d'une pièce suivant modèle ou dessin fourni par l'acheteur qui est garant de toute action qui pourrait nous être intentée de ce chef.
- Les modèles fournis par l'acheteur doivent nous parvenir franco de tous frais à notre adresse ; les frais de retour restant également à la charge de l'acheteur.
- Haldex se réserve le droit d'appliquer des frais de traitement sur les commandes de valeur nette inférieure à €50.00.

## Livraisons

- La fourniture est toujours considérée comme prise et agréée par l'acheteur dans nos usines et payable comme telle ; en conséquence, quelles que soient l'origine et la destination du matériel et les conditions de la vente, la livraison est réputée effectuée dans nos usines ou magasins et les risques relatifs à la chose vendue passent à la charge de l'acheteur :
  - dès l'expédition si le matériel est expédiable sans préavis ;
  - dès l'avis de mise à disposition, à défaut d'expédition prévue ou réalisable, et s'il n'y a pas de réception en usine ;
  - huit jours après l'avis de mise à disposition pour réception en usine, si celle-ci a été prévue à la commande et que ledit avis est demeuré sans suite ;
  - dès l'acceptation prononcée par le contrôleur s'il y a réception.
- Le principe du transfert de propriété dans nos usines ou magasins ne saurait subir de dérogation par le fait d'indications telles que : remise franco en gare, et sur "embranchement particulier", "à quai", "à domicile", opérations pour lesquelles nous n'entendons agir que pour le compte et au nom de l'acheteur, sans déplacement de responsabilité.
- Il est admis, de convention expresse, que le transfert de propriété a lieu également dans nos usines ou magasins, même lorsque le prix comprend des frais de montage ou de ré-assemblage sur place ou lorsqu'il s'agit de livraisons partielles.
- Si l'expédition est retardée du fait de l'acheteur, le matériel pourra être magasiné et manutentionné avec notre consentement aux frais et risques de l'acheteur et sans qu'il puisse en résulter aucune modification des délais de paiement et de garantie.
- Aucune réclamation visant la composition du matériel livré, quantités et poids, ou sa non-conformité avec le bordereau d'expédition ne sera admise si elle nous parvient postérieurement à un délai de huit jours suivant la réception de la marchandise par le destinataire.

## Délais

- Les délais de livraison sont donnés à titre purement indicatif et sans engagement de notre part. Ils seront respectés dans la limite du possible, compte tenu notamment des difficultés d'approvisionnement en matières premières.
- Nos délais de livraison s'entendent pour la livraison en nos usines et courent sauf stipulations contraires, à partir de la date de notre accusé de réception, ou de la date du 1er versement lorsqu'un tel paiement est prévu.
- Un retard quelconque dans la livraison ne peut donner lieu à indemnité ou dommages et intérêts que s'il en est ainsi stipulé expressément dans le texte de nos propositions ou de notre accord définitif et si une prime pour livraison anticipée de même importance est prévue au contrat.
- Les indemnités ou dommages-intérêts pour retard et les primes pour livraisons anticipées faisant l'objet de conventions particulières et acceptées spécialement ne peuvent jamais excéder au total 3% du montant facturable (sans taxes ni transports) des seules fournitures qui doivent les supporter.
- Nous sommes dégagés de plein droit de tout engagement relatif aux délais de livraison et par conséquent de toute pénalité pour retard :
  - Dans le cas où le retard proviendrait de cas de force majeure ou d'événements tels que lock-out, grèves, épidémies, guerre, réquisition, manque de matières premières, combustibles, énergie ou main-d'oeuvre, incendie, inondations, gel, interdiction ou retards de transports, toute autre cause amenant un chômage total ou partiel pour nous ou nos fournisseurs, modifications légales de l'horaire de travail, accidents d'outilage ou enfin tous autres faits résultant de circonstances imprévisibles ou indépendantes de notre volonté.
  - Dans le cas où les conventions de paiement intervenues entre nous et l'acheteur n'auraient pas été observées par ce dernier.
  - Dans le cas où les renseignements, documents, modèles ou accessoires à fournir par l'acheteur ne seraient pas arrivés à la date prévue à nos usines.
  - Dans le cas où le service de contrôle imposé par l'acheteur occasionnerait des retards dans l'exécution du programme de fabrication.
